

ELECTRICITY

Short term power supply lines

Less of a burden on residents, the need for parking spaces and the environment: in Munich, a short-term electricity connection can be obtained directly from the public utility Stadtwerke München (SWM).

Benefits

- Green Filming: green electricity instead of fuel
- immense CO2 reduction
- no noise generation
- no pollution
- conflict avoidance: Residents are not disturbed by generators

Info

- Since 2012, all SWM short-term connections have been supplied with green electricity.
- Information sheet on pricing at www.swm.de/dam/doc/kundenservice/netzanschluss/preise-netzanschluesse
 - Summary:

63 A connection:	320,- Euro net (Jan 2021, section 6.1.1)
125 A connection:	420,- Euro net
if less than 5 days in advance:	+ 400,- Euro express surcharge
 - Prices apply **per connection**, not per day!

How to

- **Motivation:** There are certainly some motives and situations in which it will not work logistically, but especially in the city centre, the next junction will not be far away.
- **Inquiries:** SWM is happy to provide further information, see below for contact details.
- **Scouten / Tech-Recce:** Every SWM junction box has a red OVK number. If this number is given in the application, it will be easier and quicker for the SWM staff.
- **Apply:** On the SWM website at www.swm.de/dam/doc/geschaeftskunden/strom-dienstleistungen/m-oekostrom-vertragsantrag-kurzzeit.pdf

Experiences

- the work of SWM is made much easier by a fully completed application form
- the exact address of the base / set / transport fleet (also shown on maps) is helpful.
- Unfortunately, there is currently no map for an overview: The junction boxes must be requested in each case so that SWM can check whether sufficient power is available; bus stops, electric dispensers, etc. may be connected to the same boxes.

Contact

Personal consulting (SWM Versorgungs GmbH):
 Phone: +49 89 2361-2400
 E-Mail: kurzzeit@swm.de
 Service hours: Mon-Thurs 7 a.m.-5 p.m., Fri 7 a.m.-1 p.m.

Detailed information on the power supply can also be found at
www.swm.de/geschaeftskunden/energieloesungen/strom-dienstleistungen/kurzzeitveranstaltung.html

Please **feel free to contact us if you have any questions**. You can also find more information about filming permits in Munich on our website
